The screenshot displays the IBM Cloud console's 'Resource list' page. The interface includes a top navigation bar with the IBM Cloud logo, a search bar, and user account information. A left sidebar contains icons for different resource categories. The main content area shows a table of resources, categorized by groups like Compute, Containers, Networking, Storage, AI / Machine Learning, Analytics, Blockchain, and Databases. The 'Containers' group is expanded, showing three resources: 'mrperk', 'mycluster-free', and 'skillsapp'. The 'Storage' group is also expanded, showing 'Cloud Object Storage-l7'. The 'Databases' group is expanded, showing 'sqldb'. A 'Create resource' button is visible in the top right corner of the resource list area.
